## EDUCATION

### GLOBAL ACADEMY OF TECHNOLOGY (2026)

- Bachelor of Engineering (B.E.)
- Artificial Intelligence and Data Science
- CGPA: 9.07

### SG PU COLLEGE (2022)

- Pre University
- Percentage: 88%

### SREE GURUKUL (2020)

- 10th Grade
- Percentage: 96.96%

## SKILLS

- Python (Mastered), C
- Machine Learning (Mastered)
- Data Science (Mastered)
- Data Visualization
- NLP
- HTML, CSS
- Problem-Solving
- Leadership & Collaboration
- Communication & Presentation Skills
- Adaptability & Learning

## LANGUAGES

- English
- Kannada
- Hindi

## PROFILE

I am passionate about solving complex problems through AI, machine learning, and data-driven insights. With a strong foundation in Python, data science, and web development, I enjoy applying technology to create meaningful solutions. I thrive in analytical thinking, research, and visualization, always eager to learn and innovate. Whether it's building intelligent systems, analyzing data, or optimizing processes, I aim to contribute with creativity and precision, making a real impact through technology.

## EXPERIENCE

- AI-Based Detection of Fake News with Contextual Analysis** 2025
  - Developed an ML-based model to classify news as real or fake using contextual analysis, improving accuracy in misinformation detection.
- BCG (via Forage) - Data Science Job Simulation** 2024
  - Completed a real-world data analytics simulation, performing customer churn analysis and building predictive models.
- DeepLearning.AI - AI Agents in LangGraph** 2024
  - Developed AI automation solutions using LangGraph, enhancing intelligent decision-making and workflow automation.
- Languify AI Internship (Python)** 2023
  - Worked on AI model development using Python, contributing to real-world applications in NLP and automation.
- TCS (via Forage) - Data Visualization Internship** 2023
  - Designed interactive data visualizations to transform complex datasets into actionable insights for business decision-making.

## CERTIFICATIONS

- Front End Web Developer Certification – Infosys Springboard
- Python Foundation Certification – Infosys Springboard
- Python for Data Science – NPTEL
- Data Science for Engineers – NPTEL
- Coincent Training Completion Certificate – Languify
- Machine Learning for Data Science Projects Certificate – IBM
